Category: Researcher

Doctor : PhD in Computer Science, City University of London (UK)

Department: Languages and Computer Systems

Centre: Faculty of Informatics, UPV/EHU

Email address: rodrigo.agerri@ehu.eus

Phone: 943 015056

Short CV (Summary of not more than 700 characters including spaces, describing the qualifications along with the teaching, research and professional profiles).

My academic and research trajectory has taken me to 8 different institutions across Spain and the United Kingdom (UK). I had a stint in the industry (Vicomtech-IK4, Spain) and I have been Technical Coordinator of a FP7 European Project, of a Torres Quevedo grant, and have participated in 20+ research projects (national and European).

I have published 40+ peer-reviewed papers in Natural Language Processing (NLP) as well as 7 JCR, 5 Q1. Invited to the IJCAI 2017 conference, and to several international seminars. I am the creator of IXA pipes (<http://ixa2.si.ehu.es/ixa-pipes>), and Project Management in Apache OpenNLP. I teach about NLP at master and undergraduate levels.
